<https://www.fvhh.net/about/about-fvhh>

Fox Valley Hands of Hope works to enhance the quality of life and to provide HOPE to those experiencing grief or life-threatening illnesses in Kane and Kendall counties, as well as parts of DuPage county, in Illinois. The organization's staff and trained volunteers continuously provide unsurpassed support to all those needing hope and compassionate care.

Originally founded in 1981 as Fox Valley Hospice, the organization remains dedicated to providing practical, spiritual and emotional support to individuals and their families who are dealing with loss of life. Supported entirely by the community, all care is available without charge regardless of age, income level, race or religious beliefs.

GANG CONCERNS

EAHS School Resource APD Officer
Aurora Police Department (knock & talk)

A-GRIP is a comprehensive strategic plan that is designed to keep youth (ages 11-17) out of gangs and to provide intervention services to young people (ages 14-24) who are actively gang involved. Sixty-five representatives from 50 different agencies participated in developing Aurora's gang-reduction plan using evidence-based model from the Office of Juvenile Justice and Delinquency Prevention (OJJDP).

The plan consists of five major goals:

1. Prevent youth from becoming involved with gangs.
2. Intervene with high-risk and gang-involved youth and their families.
3. Suppress gang-related crime and violence through law enforcement efforts.
4. Reduce recidivism rates of gang-involved youth returning to the community from incarceration.
5. Create an environment that inhibits gang activity.

The objective of A-GRIP's strategic plan is to develop a continuum of services for youth, their families, and our community that provides a coordinated, multi-disciplinary response to help youth stay out of gangs and assist gang-involved youth to break free of the gang lifestyle. If you have any questions, or would like to know more information about the numerous Aurora for Youth programs, please contact Jeanne Moran at (303) 739-1700.

SASS

SCREENING, ASSESSMENT, AND SUPPORT SERVICES

Phone: 1-800-345-9049

<https://www.fsaelgin.org/sass.php>

Screening, Assessment, and Support Service (**SASS**), is a 90-day intensive based program for children, adolescents and their families in crisis. SASS provides intensive mental health services for children and youth who may need hospitalization for mental health care. SASS will also provide crisis intervention, linkage and coordination of services to other community based mental health agencies for aftercare and outpatient treatment. The SASS program's main focus is to stabilize the family and maintain the youth at home and in the community. The program serves youth in all of Kane and Kendall counties. The service is available by calling the Crisis and Referral Entry Services (CARES) line at **1-800-345-9049 (voice)** or **1-773-523-4504 (TTY)**.

SEAVCV

Supporting East Aurora Victims of Community Violence

East Aurora School District 131 offers a unique program made possible through a grant, to students who have been exposed to violent crimes. Our hope is to help with, or remove barriers that prevent District 131 students from success in school.

The program is federally funded by the Illinois Criminal Justice System)/ Victims of Crime Act. Supporting East Aurora Victims of Community Violence (SEAVCV) serves students, by identifying those who have been exposed to violent crimes and ensuring they receive the appropriate services in and outside of the school setting.

The SEAVCV Case Managers will provide critical ongoing services for students who have been exposed to community violence, including advocacy within the school system and other bureaucracies, along with ongoing emotional support.

What is Community Violence? Community violence includes, but is not limited to:

- Domestic violence and sexual assault
- Gang violence
- Drug and alcohol abuse
- Bullying and cyber-bullying
- Robbery, burglary, assault, and battery
- Work place violence
- Gun violence
- Death

THE ONE HOPE UNITED MULTI-SYSTEMIC

The One Hope United Multi-Systemic Therapy Program is a program for juvenile offenders ages 10 to 17 that intensively addresses the multidimensional nature of behavior problems in troubled youth. This evidence-based treatment focuses on those factors in each youth's social network that are contributing to his or her antisocial behavior.

The primary goals of MST are to decrease rates of antisocial behavior and other clinical problems, improve functioning (e.g., family relations, school performance), and achieve these outcomes at a cost savings by reducing the use of out-of-home placements such as incarceration, residential treatment, and hospitalization. The ultimate goal of MST is to empower families to build a healthy environment through the mobilization of existing child, family, and community resources. MST is delivered in the natural environment (home, school, or community).

Program operates in Kane, DeKalb and McHenry Counties in Northern Illinois and Clinton, Crawford, Edwards, Effingham, Fayette, Franklin, Hamilton, Hardin, Jefferson, Lawrence, Madison, Marion, Richland, St. Clair, Wabash, Washington, White and Wayne counties in Southern Illinois.

Cost: There is no cost to families in this program.

Learn more about this program:
