Homebuyer program :

What are the steps needed to qualify for a home loan and buy a house?

- - The Neighbor Project Homebuyer Education gets you the knowledge you'll need to purchase—and keep—your home.
- - We will walk with you through each step of the home buying process, helping you discover how to leverage your income into an asset.

Help for Homeowners:

One of the most important stages is homeownership itself.

Being a homeowner is an ongoing journey—and those who own homes are not immune to unexpected economic shocks.

The Aurora Financial Empowerment Center

A [FREE](#) service provided by the City of Aurora and The Neighbor Project.

The FEC works to improve economic mobility by providing guidance to individuals and families to build credit scores, manage and reduce debt, and accessing safe and affordable banking products.
