

**Special Education Transportation Bid #2021-5  
ADDENDUM #3 – Issued 2/27/2021**

The questions/comments outlined below were received. The answers are shown below in italics.

1. **Will you please confirm if the Regular Routes (per hour) pricing will be based gate to gate hours (bus yard to bus yard) or live time (first pick-up to last drop-off)?**

*This information is available in the specifications.*

2. **Could we please be provided invoices from the months of November 2019, December 2019 and January of 2020?**

*Invoices are available on the district website. It is worth noting that current invoicing includes out-of-district special education transportation shared with West Aurora 129.*

3. **Since this bid is based on hourly rates, can you provide the estimated hours for each route and specify when the route time starts and stops (gate to gate, boundary to boundary or live time)?**

*Please see following billing documents for reference.*

4. **Should our hourly rate be based on live hours, gate to gate or something else for this bid?**

*Billing shall be based on live mileage from District boundary.*

5. **Page 17; IV Bid Specs #4 says, Fleet information for the 2019-2020 school year may be located at <https://www.d131.org/business-office/bidding/>. I do not see this information on the website. Can we get this?**

*This was an oversight by the District, this sentence should not have been included in the specifications.*

6. **What was total amount spent on extra-curricular trips for 2018-19 for the special education contract?**

*\$52,389.56*

7. **If the district has any additional routing information it would be very helpful for us to fine tune an hourly rate. Please provide if available.**

*Please see following billing documents for reference.*

8. **The bid specifies 55 monitors for this contract, the previous bid alluded to having a monitor on every route. Should we assume the 55 number for this bid?**

*Yes.*
