

**Custodial Equipment and Supplies Bid:2022-1  
ADDENDUM #2 – Issued May 12,2022**

The questions/Comments outlined below were received. The answers are shown below in Italics.

**1. Please provide the previous bid tabulations & itemized award information.**

**2. Are the liners high density or low density? I think you mean low density.**

*Low density 30" x 36" black .9 mil star seal, 40" x 46" low density black 1.5 mil star seal.*

**3. For Can Liner samples – What sample could we provide to you to prove our quality and spec?  
There is no way to have the manufacturer custom run 1 case of liners.**

*The bid requires a sample of what is being quoted. We ask for the thickness and for low density of these bags.*

**4. Are you open to a hand soap change if the manufacturer provides and installs all dispensers at no charge?**

*As far as the soap is concern, it should meet the specifications as stated.*
